

STAR-TUBE-600

Item Number 3004186

Flexible silicone hose for versatile use in air conditioning and refrigeration technology. This low-vibration star hose is 15 meters long and has an inner diameter of 6 mm. It comes without a siphon and is suitable for individual cutting to the desired length.

- Star shape reduces noise from vibrations
- Thick wall thickness prevents hose from bending and thus blocking water flow

Technical Data

Material	Rubber
Colour	yellow
Number of Hoses	1
Length	15 m
Diameter	6 mm (1/4")
Packaging	Joker Bag (Plastic)

Accessories

3004065	HSG-4065/4	Siphon Device, 4 pieces
